

Rob Walrecht
Helps You Understand the Universe!

IYA2009 Planispheres

In YOUR language, for YOUR latitude
with YOUR logo and information

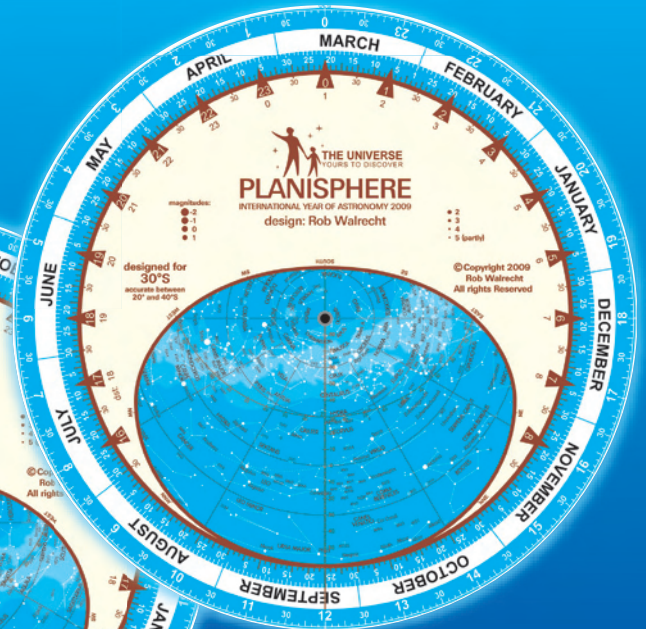

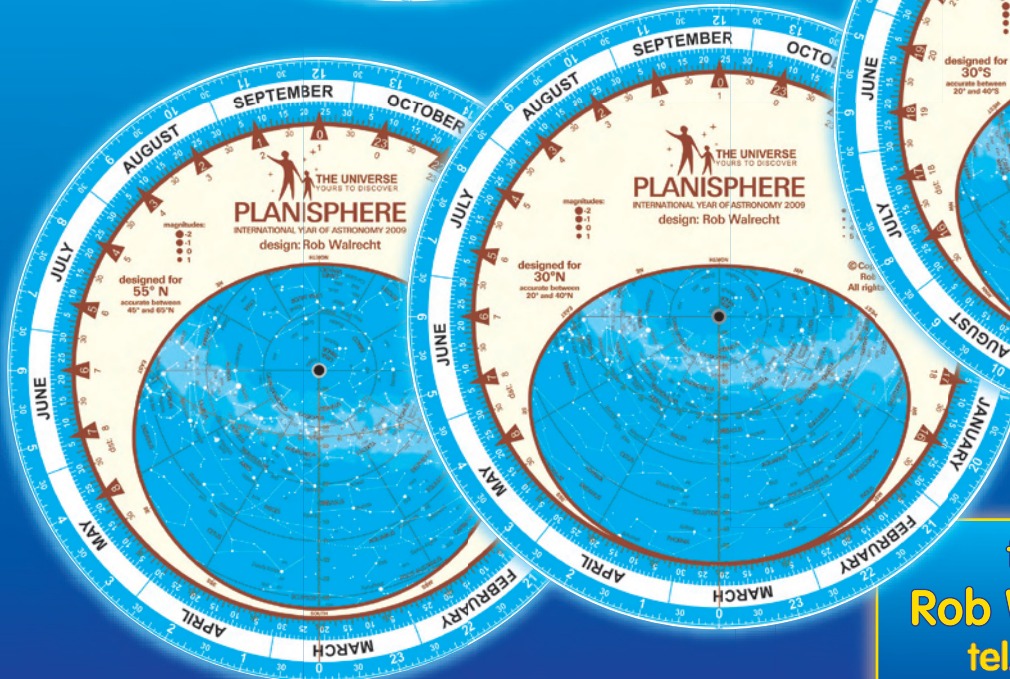

ALSO AVAILABLE:

Standard Planispheres:
English planispheres for
ten latitude zones,
together covering the World,
and also German, French, Italian,
Spanish and Dutch planispheres.

And some unique
astronomy products for kids
(teaching tools), which can
also be customised.

Please read on!

Customised Planispheres

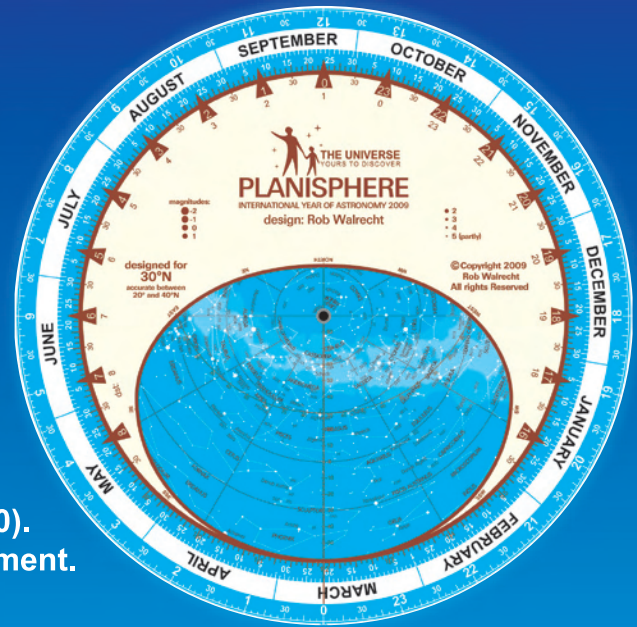

Your own planisphere, in the language you need, for the latitude you want and in the colours, design, size and number you like? That is possible!

Have the perfect planisphere for your IYA2009 activities!

Benefit from the **Special 10% IYA2009 Discount** by ordering through the IYA2009 Secretariat.

Instead of 1000 of one version you can order 2 x 500 of different versions (two latitudes or two languages) as long as the colours, size and numbers are the same. The minimum number we can produce is 500 (or 2 x 250). Allow at least 6 weeks between final approval and shipment.

Prices in Euros, excluding shipping costs and taxes.

Standard Planispheres

We offer you a **Special 50% Discount** when you order through the IYA2009 Secretariat*.

* shipping cost and taxes not included; minimum of 50 copies.

For our other instructive astronomy products, please visit www.walrecht.nl.
